"Our NPC not only fulfills our requirement with the Dept of Ed, but allows us to have a great marketing tool to help our prospective students and families with their admission and financial decisions."

Melissa Dingmann
Director of Financial Aid

"College Raptor's NPC is a useful tool our institutional recruitment tool kit. Both our undergraduate admissions team and athletics coaches utilize our net price calculator to help students and families understand how affordable the University of Mary is. It has also been a great tool to share with families."

"I am over the moon happy with the service and responsiveness of the folks at College Raptor. The best part is they do all of the setup and modifications. I have worked with other larger vendors who provided a dismal lack of service and concern for their users, and required the school to do all of the setup and annual modifications."
